

From the Butantã Metro Station to IAG/USP (Rua do Matao 1226)

After exiting the train in Butantã station, go up several escalators. You will find this exit to get out. After exiting DO NOT take the next escalator.

This is the escalator just after the exit. DO NOT take it. Instead, go straight and turn left after the escalator

As you turn left after the escalator, you will see a sign for the bus terminal (***Terminal de ônibus***).

Go straight and at the end you will turn left and find an escalator

About to turn left ...

And now take the escalator up

After the escalator turn right, following the **Terminal de Ônibus** sign. To the left, you can find Bus 8012, to the right Bus 8022; both go to the campus.

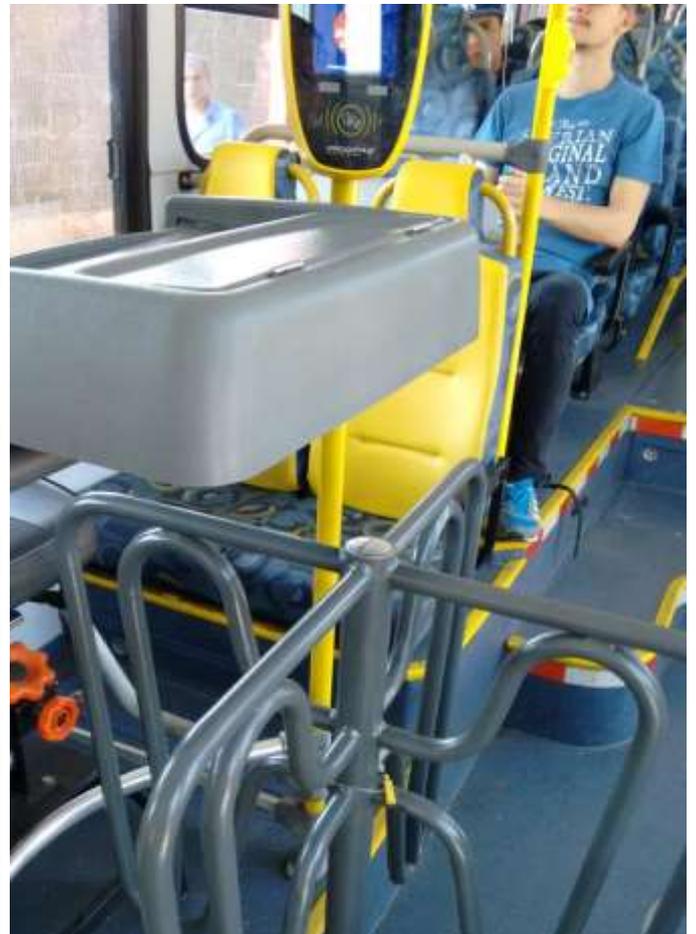

Towards the right, you will see a bus next to a fast food place (used to be **Bob's Express**, but now there is something else). That is the initial bus stop of Bus 8022 (**circular 2**), that goes to USP.

You can see already students waiting to board the 'circular 2'. This is line 8022 (linha 8022).

Bus 8012 (circular 1) also goes to the campus

Now board bus 8022 to 'cidade universitaria' (the USP campus). Once in the bus, you have to scan your 'bilhete unico', or pay R\$3.8 (price in 2017) to pass

If you take the 8022 (circular 2), you must exit after the 'Praça Ramos de Azevedo' roundabout, popularly known as 'praça do cavalo' (horse roundabout). When the bus enters the roundabout and you see the horse, press the bus stop button and go to the exit door

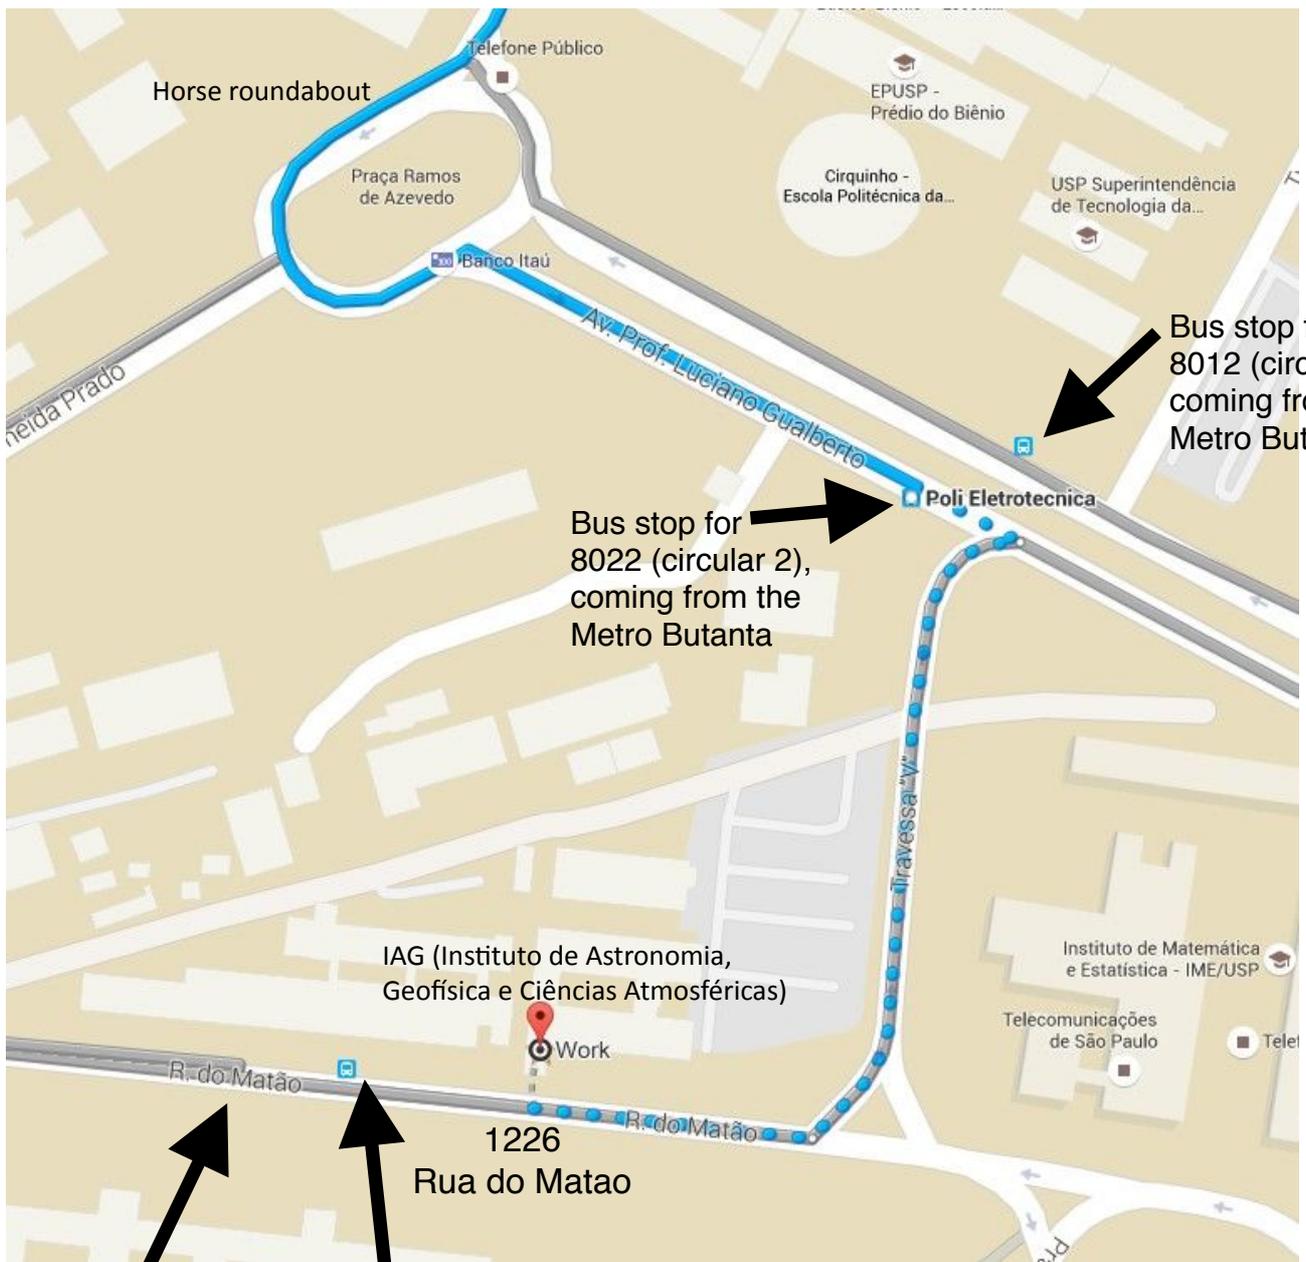

This is the bus stop where you have to exit, after the bus leaves the 'praça do cavalo' (horse roundabout). Turn right and walk towards IAG

Finally, this is IAG (*Instituto de Astronomia, Geofísica e Ciências Atmosféricas*), at Rua do Matao 1226

Arriving at IAG/USP using Circular 2:

IAG address: Rua do Matão 1226

Bus stop for 8012 (circular 1), coming from the Metro Butanta

Bus stop for 8022 (circular 2), coming from the Metro Butanta

IAG (Instituto de Astronomia, Geofísica e Ciências Atmosféricas)

1226 Rua do Matão

Take here Bus 8022 (Circular 2) to return to Metro Butanta (last stop)

Take here Bus 8012 (Circular 1) to return to Metro Butanta (last stop)
